

Certificate by Medical Officer

On the request of the Principal of Sidhu Memorial Public School, Sheron, I the undersigned visited the School premises. The School building is built in about 2.5 acres of land which is Pollution free area with lush green lawns and many trees. The drinking water facilities i.e. 280 feet deep tubewell, submersible motor, water tanks, water cooler, taps etc. were found to be satisfactory. The toilets were clean and in good sanitation condition.
